

"CINDERELLA" FIRST AND SECOND NIGHT AUDIENCE FEEDBACK

"I sat in the audience last night for the opening performance and I was amazed at the final result. I thoroughly enjoyed the show, it was so professional, and the audience was buzzing. It has been a massive effort by many people, but well worth it."

"Your tickets and programmes are too cheap. Where else can you get entertainment of that quality anywhere, let alone on your doorstep?" *"Thoroughly enjoyed the Thursday performance, there were some really strong performances and the cast seemed to be very relaxed."*

"Are there really no tickets left. Damn, I have the whole family coming down specially. We're going to have to change our attitude to wandering in and out of the Players' productions from now on."

"Thank you the Dulverton Players for a wonderful time last night! Having not arrived in this country until the age of 40 I obviously led a deprived life in America as this is the first live Panto I've ever seen. Great fun and a tremendous group effort. The sets and costumes were knockout and I especially enjoyed the music track and effects - oh that villainous Ginny Brown! And what a development programme for Dulverton thespians of the future. "

"Goodness – that is a big step up for the Players. Well done."

"What a show. Clearly a massive amount of work from all directions. I do admire all who took part and gave themselves to what appears to be a sell-out run."

"I hate panto. I'd never have come if I hadn't been invited.

It was fabulous.

I haven't enjoyed myself so much in ages."
